Stephen Buchholz USTA #2005317680 USTA NorCal Section

Nationally ranked Father-Daughter with Jennifer Buchholz

Roger Okamoto – USTA #922531702

My grievance in detail is in regards to falsifying member record to rate at a lower level in order to enter the USTA South Bay NTRP tournament with her Father Stephen Buchholz which was played on 8-28-16 at Cuesta Park, Mt. View. The violation is sportsmanship and cheating based on the USTA NORCAL SPORTSMANSHIP COMMITTEE PROCEDURES.

This is a Major Offense: B. Knowingly falsifying or forging information on any official USTA or USTA Norcal document, or on any written submitted to the USTA or USTA NorCal.

This is a Major Offense: D. Any conduct deemed detrimental to the USTA and/or USTA NorCal.

Players involved are Jennifer Buchholz aka Jennifer Eldred as well as her Father Stephen Buchholz who had to be aware of this entire fraud and was informed prior to the actual play by [redacted] that his daughter had a national ranking, a college player and should be playing at the 4.5 level and even with this information he and his daughter played the 4.0 mix match against [redacted] and my partner [redacted] My partner and I were beaten 6-1, 6-2 as the #2 seed in this tournament.

I have included all the documentation I could find on the internet to support my grievance against Stephen and Jennifer Buchholz/ AKA Jennifer Eldred.

JENNIFER BUCHHOLZ & DREW ELDRED – Getting married July 26, 2014 Bosie, ID (documents is attached)

Jennifer Eldred: Intermountain Section USTA: Bosie, ID self rated 4.0 on 8/11/2016

Jennifer Eldred & her Father Stephen Buchholz signed up to enter and play South Bay NTRP USTA Sanction tournament.

8-28-16

Cuesta Park 4.0 MXD match against [redacted], before the match started [redacted] asked Jennifer if she had a National rating and her and her Dad said No!! [redacted] asked about her self rating and no response and then [redacted] asked her if she played college and she said Jr College not D1 College which she played!! I stated to Jennifer Eldred and her father Stephen Buchholz that win or lose I was filing a grievance due to the fact they should be in the 4.5 level not the 4.0 level and neither one showed any sportsmanship to DQ themselves or quit they won the match and went on to win the tournament. This is the worst display of sportsmanship by two players that know better but have no respect for the USTA or players at all. The sad part is why do this just to enter a

lower division when both knew they should have played at the higher 4.5 level? The committee will ask why did I play the match? Per the USTA rules we had to play the match because if we didn't we would be in violation of refusal to play and obtain suspensions points so we played under derest!!! This match caused my partner to be in a position not to win the Players of the Year Award for 2016 for 4.0 MXD. The damage is done but hopefully the Sportsmanship will issue punishment so that they will never be able to do this to anyone again. I find it very disappointing that a father would do this or be in agreement with his daughter to do such a thing!!!

My Grievance against Roger Okamoto #922531702 & Carrie Bell #11247231 is as follows:

Roger Okamoto and Carrie Bell are season USTA players and have run the South Bay NTRP at the Sunnyvale Tennis Center as well as at Cuesta Park for many years. What Roger and Carrie allowed in a USTA NTRP sanction tournament is a disgrace to all the players and as a tournament director and staff is unacceptable. Roger furthermore lied to Michelle Wilson that he was unaware of anything about Jennifer Eldred when he was given all the information that I have included in my grievance for your viewing. Furthermore Lucy Lam one of the players in the 4.0 mixed doubles sent Roger & Carrie all this same information as you can see by the email sent on 8-22-16 at 11:51 am which was plenty enough time for him to research or contact Michelle Wilson to resolve this matter. Roger and Carrie did nothing and Lucy Lam after not receiving any reply from Roger or Carrie she called several hours later to address the Jennifer Eldred rating issue. Roger and Carrie stated that they didn't see anything wrong and refuse to contact the USTA office Michelle Wilson or contact Jennifer Eldred to have her confirm the information he was given!!!

In the end Roger Okamoto and Carrie Bell as tournament director and staff did not do their job and be responsible for ensuring that all players are playing at the right level and that all information is correct. All Roger or Carrie had to do was print out the information or review the information that Lucy Lam provided in her complaint that Jennifer Eldred was playing under two different names, maiden and

married with two different USTA NTRP ratings. One of 4.5 obtain by Jennifer Buchholz from Carrboro, NC and the other Jennifer Eldred 4.0s from Bosie, ID. I personally view both players on the USTA NorCal website and you will not find Jennifer Eldred information at all on Tennislink. Jennifer Buchholz information in NorCal now has player information of her National tournaments and now it has the NTRP South Bay tournament of last weekend but she is not listed as Jennifer Eldred but as Jennifer Buchholz which doesn't make sense at all. I know that this is a lot to uncover but here is what should be done in order to address this matter in a timely fashion.

1. Just ask Jennifer Buchholz if she is Jennifer Buccholz
2. Why did she do a self rating of 4.0 in Bosie, ID on 8-11-16
3. Did she play on a women's 4.5 league team in 2015 as a 4.5 rated player who played in a District playoff in the USTA New England Section
4. To provide her identity (Current Driver License)
5. Have her provide her current home residence
6. When did she change her name on the USTA Norcal website and who made the change and on what date
7. Is her husband name Drew Eldred and where do they live now, city and state
8. The most important question is why after having a 4.5 rating from New England, playing on a 4.5 women's championship team, after obtaining a National ranking at #4 with her Father why enter a 4.0 tournament in Norcal when this isn't your residence currently?

I would suggest the USTA NorCal request the following information to help resolve this issue.

1. USTA membership information by USTA number and all locations
2. Request payment and tournament entry information for the South Bay NTRP at Cuesta park Aug 27/28 Mountain View, CA
3. Have a investigation conversation with her father Stephen Buchholz as to why he did such a thing with his daughter aware of all the information including knowing she played in the District playoffs in New England on a 4.5 ladies championship team

I did my best to address this issue and my concern and I contacted Michelle Wilson and I didn't have all of this information but I did address I had a concern because they had a national ranking in the father-daughter at #4 and Michelle Wilson told me to contact the tournament director. The tournament director refuse to address my concerns and told me if I have a complaint just email the USTA and refuse to discuss anything further and left the tournament desk and refuse to engage with me at all. Here is my questions I asked Roger Okamoto:

ROGER WHY IS IT YOU RECEIVED THIS INFORMATION ON 8-22-16 BUT YOU DIDN'T DO ANYTHING WHY?

HIS REPLY TO ME EMAIL THE USTA AND REFUSED TO TALK TO ME ON THE SUBJECT.

I received an email from Michelle Wilson today and she contacted Roger Okamoto and he told her he had no idea of about this until after the match was played and that isn't the truth. (I have attached the email that Lucy Lam sent to him on 8-22-16 at 11:51 am and she followed up with a phone call with Roger & Carrie and he told her he wasn't going to do anything. This is not what he told or said to Michelle Wilson when she spoke with him in regards to this matter!!!!

In my final statement I hope this committee will suspend both players from tournaments and league play and punish Roger & Carrie for violation of Sportsmanship and as a tournament Director and staff of a USTA NTRP Sanction tournament receive some punishment that fits the violation.

If there is a hearing I want to address this issue and face each party involved to understand why they did it and why cheat players out of a chance to win or make the Grand Prix tournament. My partner and I lost valuable Grand Prix Points which we can't make up with only 3 tournaments left for the end of the year season.

Sincerely,
